

**International Conference on Engineering Technology Science
and Management (ICETSM), 29th June-2024**

Hybrid Mode

About ICETSM

The International Conference on Engineering, Technology, Science, and Management (ICETSM) is a prestigious event that brings together researchers, academics, professionals, and industry experts from around the globe to exchange ideas, share research findings, and discuss the latest developments in various fields.

Our conference aims to provide a platform for participants to present their original research, innovative ideas, and practical experiences in engineering, technology, science, and management. We strive to foster interdisciplinary collaborations and promote networking opportunities among participants from diverse backgrounds.
